SUPPLEMENTARY REPORT

OF THE

TOWN OF BERLIN, N. H.,

FOR THE YEAR ENDING FEBRUARY 15, 1894.

BERLIN, N. H., March 31, 1894.

To the Citizens of the town of Berlin, N. H.:—

We, the undersigned, duly appointed auditors of the town of Berlin, and to whom at the annual town meeting further time was granted to complete their work, beg to submit the following report:

We find that town orders were issued by the selectmen for the fiscal year ending February 15, 1894, as follows:

County paupers,	\$2,351 84
Town paupers,	521 75
Police,	2,052 03
Highway,	16,060 40
Town charges,	7,266 98
Fire purposes,	2,725 31
New sidewalks,	2,387 50
New streets,	2,011 00
Liquor prosecution,	232 58
Police court,	150 00
New bridge,	23,285 46
Sanitary,	1,615 65
Lighting streets,	1,550 00
Decoration day,	50 00
Library,	120 00
Hydrants,	2,006 50

\$64,387 00

Town and county paupers expenditure as shown above, taken

conjointly show,	2,873 59
Annual town report shows,	<u>2,676 44</u>

Difference,	197 15
-------------	--------

which is explained by the fact that several bills are in the hands of the County Commissioners, and were not available for examination by the auditors.

The police and town charges expenditures as shown on annual town report are substantially correct.

The "Fire purposes" expenditures as shown above, are,

	\$2,725 31
Annual town report shows,	<u>2,472 26</u>

Difference,	\$253 05
-------------	----------

is explained as follows :

Error in annual town report,	05
------------------------------	----

G. E. Kent, Hose Co., No. 3,

omitted,	250 00
----------	--------

Paid O. E. Twitchell, omitted,	<u>3 00</u>
--------------------------------	-------------

\$253 05

There has been paid for liquor prosecutions as shown above, \$232 58, which is not shown in the town report. This money was expended as follows :

W. F. Oswell, expenses,	\$ 3 00
-------------------------	---------

J. Howard Wight, making writs, etc.,	150 00
--------------------------------------	--------

I. G. Marshall, expenses,	40 72
---------------------------	-------

I. G. Marshall, expenses,	<u>38 86</u>
---------------------------	--------------

\$232 58

The "new bridge" expenditures as shown above

are,	\$23,285 46
Annual town report shows,	<u>23,079 01</u>
Difference,	\$206 45

There was paid \$206 45 to the Berlin Iron Bridge Co. for interest on note, which explains the inaccuracy.

The "sanitary" expenditures as shown above were,	\$1,615 65
Annual town report shows,	<u>1,322 05</u>
Difference,	\$293 60

is explained as follows :

Berlin Mills Co., mdse. omitted,	\$ 2 60
Boothby & Ingalls, printing, omitted.	13 50
J. L. Oswell, salary, omitted,	20 00
P. St. Laurent, salary, omitted,	70 00
F. A. Colby, salary omitted,	80 00
J. L. Oswell, salary omitted,	80 00
Labor, omitted,	6 00
Grand Trunk railway rent, omitted,	2 00
C. C. Gerrish & Co., bill, omitted,	<u>19 50</u>

\$293 60

The expenditures for police court, lighting streets, Decoration day, library and hydrants are correctly shown on annual town report.

The highway, new streets and new sidewalk expenditures as shown above form a total of	\$20,458 90
To which we must add on new bridge act.,	5,500 00
On sanitary account,	183 89

And,	\$21 45
Making total account to be itemized,	\$26,164 24

The bills of Madigan & Warner do not show the expenditures of each department separately but comprise whatever was done by them for the town as a whole as per their account examined, approved and paid by the proper officers. Therefore in order to show an intelligent itemization of the above named three accounts, we must include in it the \$5,500.00 on account of new bridge, and the \$205.34 on account of sanitary.

Miscellaneous bills erroneously charged to police and town charges, that were checked in the highway department when the auditors looked the selectmen's papers over previous to town meeting, \$112.56,

Orders of the town surveyor missing from the files of vouchers examined by the auditors, amounting to \$497.31.

Making a total of	\$2,400 08
-------------------	------------

We wish to call your attention to the large amount of work performed during the last fiscal year on the highways, new streets and new sidewalks, which, owing to the depressed state of the town treasury made it impossible for the road surveyor to immediately pay the laborers he employed. In order to relieve this state of affairs, the surveyor instead of paying his men with money, was compelled to issue some five or six hundred small orders on the selectmen, these orders were taken up by the several tradesmen of Berlin and presented for payment in varying quantities as soon as enough funds came into the treasury to meet them.

The \$497.00 discrepancy shown above is evidently caused by the selectmen having mislaid the surveyor's orders to that amount.

Owing to the condition of the surveyor's stub books we are unable to locate the missing orders and say how many of them were missing, and consequently the real amount expended by the road surveyor cannot be shown accurately.

BERLIN, N. H., March 29, 1894.

We have examined the books of the collector of taxes, and find them properly kept and the amounts collected properly receipted for by the town treasurer.

To the citizens of Berlin:

Agreeably to a vote at the last annual meeting we carried a notice to be published in the Berlin Independent calling upon all, holding bills against the town, to bring them in—in order that they might be adjusted at the adjourned meeting. As per above statement there has been \$1,227.48 of such bills brought in, we also find \$810.73 outstanding in favor of the town leaving a balance of \$416.75 unprovided for, we would also call your attention to the fact, that at the last annual meeting you omitted to provide for the outstanding orders issued in 1893 amounting to \$1,879.50 making a total unprovided for of \$2,296.07 which we think owing to the small appropriations allowed this board for this fiscal year, should be provided for.

Respectfully submitted.

A. N. GILBERT,	
JOHN W. GREENLAW,
